# Brand Story

Since 1923, the Estwing family and its employees have taken pride in designing and manufacturing the world's most durable, comfortable and attractive striking and struck tools. All claw hammers, axes, specialty tools and pry bars are manufactured to the highest possible standards and offer a true value to both tradesmen and craftsmen alike.

In 2001 Estwing introduced the new shock reduction grip that provides customers with the best available grip for reducing vibrations caused by impact. Plus, this grip offers the utmost in both comfort and durability. This Estwing patented innovation is sure to be the standard for ergonomically correct hammers for decades to come. All of the nylon vinyl grip tools are now being made with this new material.

Estwing continues to innovate and produce new handtools. Their engineers work continually to create the most revolutionary and long lasting hand tools on the market.

Estwing hammers are unique in appearance, balance and durability and are asked for by name -- and they continue to dominate construction projects throughout the world. Estwing began and is still located in Rockford, Illinois, and they are committed to keeping their tools "Made in the U.S.A."

Comfort, durability and dependability are the foundation of their proud tradition. We hope you will put this proud tradition to work for you!

**Ernest Estwing**  
(Founder of Estwing  
Manufacturing)

“ There are lots  
of hammers but  
only One  
ESTWING! ”

It's not just a hand tool. It's a legacy. It's an Estwing.

- Since 1923 -

"HARVESTING TOOL"  
ROCKFORD  
ILLINOIS

Sep. 6, 1947

Mr. Progressive Hardware Dealer:

These New Tools merit your attention. They have been tested and adopted by the Union carpenters because,

- 1 - Handle will never break or loosen, no matter how or how long used.
- 2 - Pull everything within the strength of the user.
- 3 - Drive smoother, no "jar" or "back-bounce".
- 4 - Unsurpassed temper and appearance.

Sold thru responsible dealers only. Our 15% off list, or 5% on your investment gives you real satisfaction.

This Christmas campaign to 425,000 Union carpenters and 375,000 "Popular Science" readers will make a HARVEST season for our dealers. Our tryout last year made November the biggest month and December second.

Getting and trying one will be a pleasant and profitable surprise to you.

*Ed. Estwing*

**PROVE THIS YOURSELF**

Drive into the body with pull the head of any nail or pin through a 2 in. plate.

This, light 1 lb. and with heavier handles gives greater strength and comfort.
