# Celebrating 92 YEARS of experience and service.

Dear Valued Customers

In 2018, we Mayo Hardware celebrated our ninety-year anniversary of successful trading since our grandfather Cecil Mayo's chance first meeting with the founder of Master Lock recognising the opportunity to market and sell those products in Australia. A lot has changed in that time, the company has grown and evolved to meet the ever-changing needs of the marketplace, but James and I are most proud that the relationship forged those 90 years ago remains true with Mayo's being the exclusive distributor of Master Lock products today!

We remain proud that as we grow, we endeavour to remain consistent with the core values of loyalty, teamwork, and customer service.

As we entered our tenth decade, we are grateful to our existing customers for being part of our journey and thank you for your ongoing support. Your trust in our service and products drives us to continue to innovate and challenge our way of thinking. As we strive to meet your needs, take note of your feedback, and mutually face the demands of an ever-changing business environment. Not only have you made us your supplier of choice you have also engaged with us to continually improve.

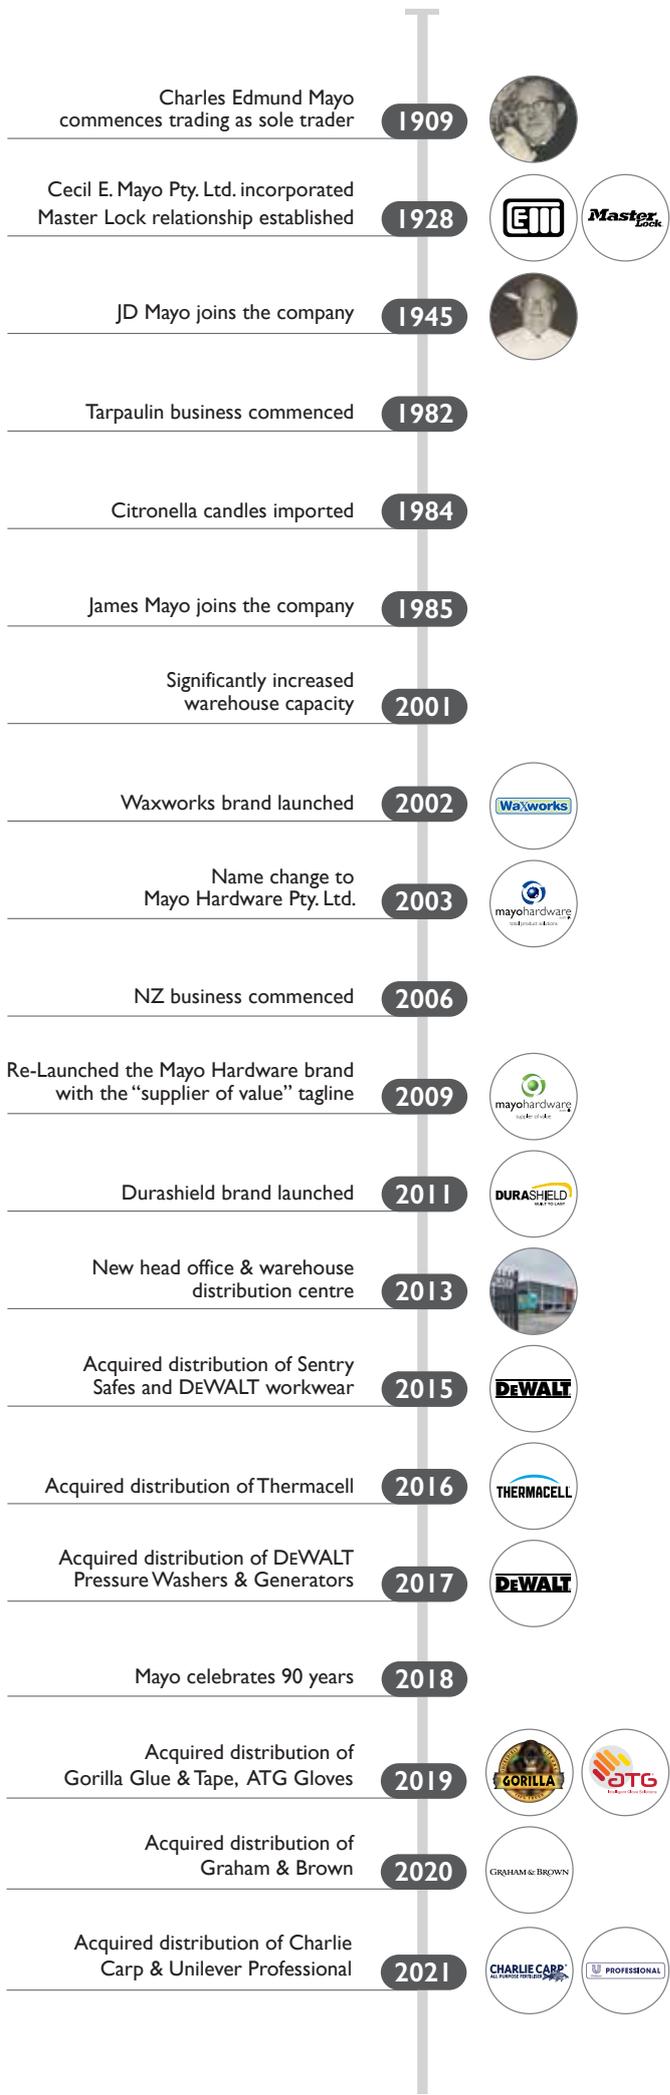

We take this moment to thank you for your support over the years. We plan to keep our business partnerships growing by working together collaboratively. With your support, we can continue to grow our businesses together.

Sarah Mayo

INDUSTRIAL SECURITY

45

## **We understand that every business is different.**

Mayo Hardware delivers the mining, power generation, manufacturing, food and beverage, utilities, transport and oil & gas industry customised lockout/tagout solutions that are designed to meet the specific needs of the site.

Let us help you develop a  
**LOCKOUT/TAGOUT  
SOLUTION** that works  
best for your workplace.

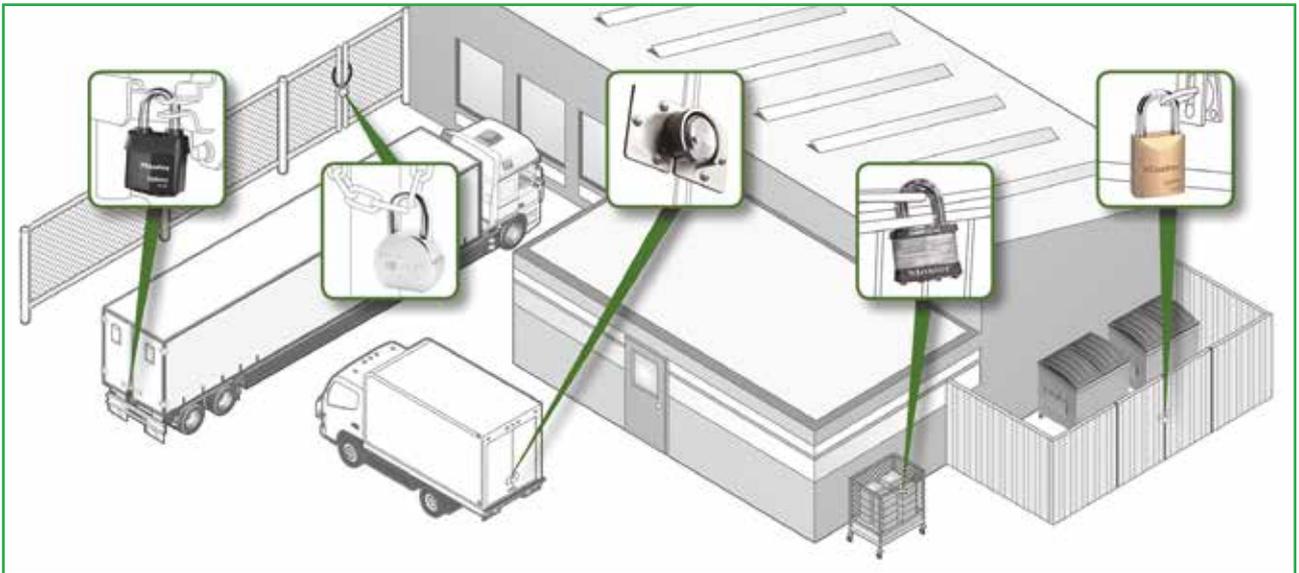

# SECURITY SOLUTIONS

## **Custom Built. Commercial Quality. Complete Security.**

Our custom build capabilities allow us to create made-to-order security solutions for your unique challenges, with products that work.

Choose from a range of body widths and materials, shackle diameter and lengths, as well as multiple keying options to secure your property.

## Who Has The Keys To Your Business?

The tools don't make the tradie, but it is impossible to do the job without them.

Replacing tools and equipment is disruptive, costly and stops you from getting the job done.

Nearly half of all metropolitan industrial and construction sites at some point are subject to theft - often because keys aren't controlled properly, making it very easy for thieves.

Mayo Hardware can provide an obligation free security assessment to find modern, cost effective ways to better protect your workplace - backed by Master Lock's Lifetime Warranty and full Locksmith service.

The Pro Series® range of padlocks from Master Lock comprehensively cover all corrosion and security requirements.

Pro Series® padlocks have extensive options for shackle heights, materials and full keying flexibility, including master keying and Master Lock EDGE™, our proprietary high security fully restricted key system.

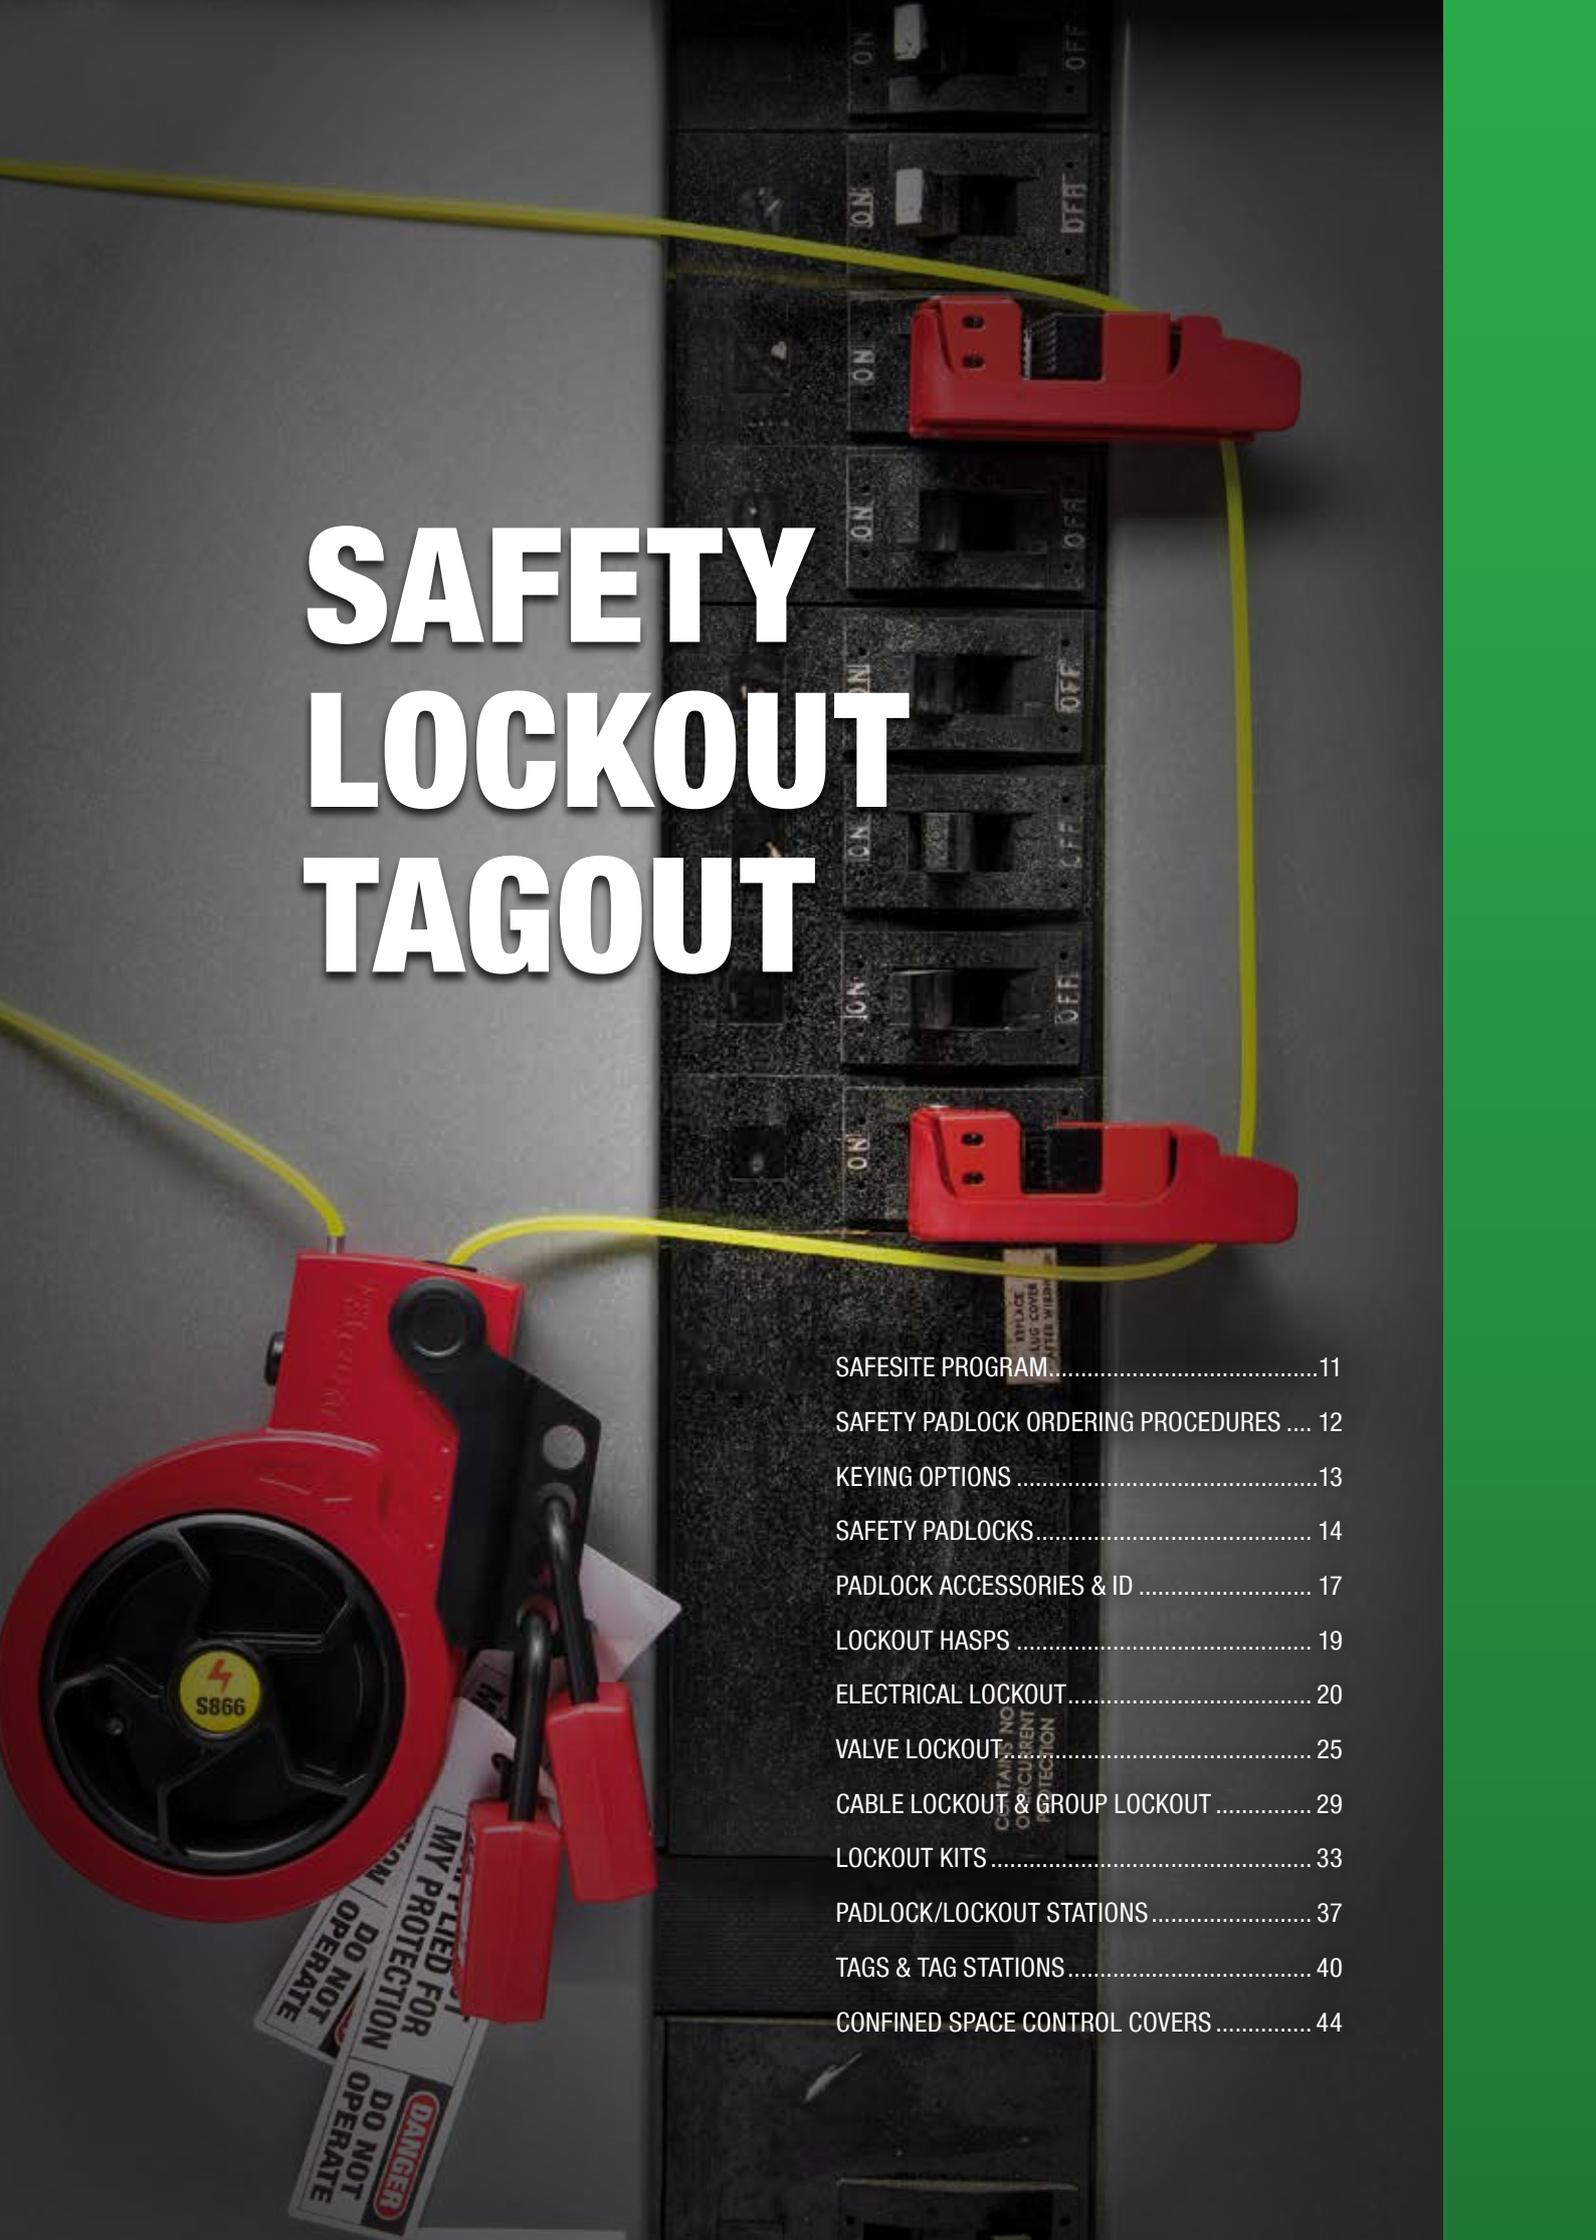

**RECOGNISED** by key partners for **EXCELLENCE** in customer service, innovation and growth.

## Award Winning Service

Mayo Hardware is regularly recognised by key industrial partners and state industry associations for its excellence in customer service, innovation and growth. This is achieved through a culmination of market-leading brands supported by excellent customer service, and continually challenging ourselves and our partners to find better ways of doing things; to innovate, to question the status quo and to continually improve in order to provide better outcomes for our customers and end users.

# Lockout / Tagout **SAFETY** solutions designed to **PROTECT** employees from risks.

**DANGER**

Never operate switch with door open.

Always use a properly rated voltage sensing device at line and load side fuses to confirm switch is off.

● Turn off power supplying switch doing any other work on or inside.

Failure to follow these instructions will result in death or serious injury.

**DANGER**

**DO NOT OPERATE**

## **Master Lock**

Master Lock is the global market leader in safety lockout/tagout solutions to mining, power generation, oil and gas, food and beverage, and manufacturing industries.

Master Lock safety padlocks and accessories are designed to protect employees from risks by ensuring that a piece of equipment cannot be inadvertently activated while someone is working on it.

The comprehensive Master Lock range includes: safety padlocks, hasps, tags, group lockout and specialty accessories.

## THE SAFESITE PROGRAM BY MAYO HARDWARE INCLUDES:

Introduce Standardisation – Reduce Downtime – Increase Productivity  
– Create Ownership – Safer People & Workplace

# THE KEY TO WORKPLACE SAFETY

Implementing a lockout/tagout system does not have to be daunting and time consuming. The SafeSite Program by Mayo Hardware delivers industry leading lockout/tagout solutions with ease and efficiency.

# LOCKOUT / TAGOUT

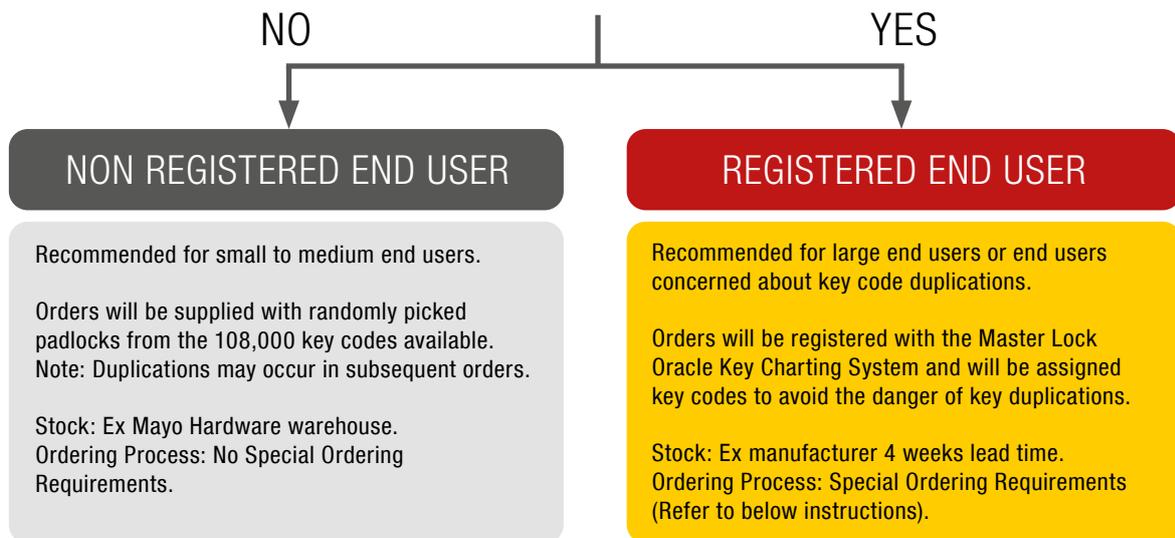

## WHAT IS LOCKOUT/TAGOUT?

- Lockout/tagout is an important safety procedure that involves shutting off the power to industrial machines or equipment during maintenance or repair. This procedure protects employees from risks caused by power sources. Used properly in conjunction with a well-planned lockout process, safety padlocks help ensure that employees can not inadvertently activate a piece of equipment while someone else is working on it.
- 1 Employee / 1 Padlock / 1 Key – this means all employees carry a unique key and no one else's key can open another colleague's safety padlock.

## SAFETY PADLOCK ORDERING PROCEDURES

### IS YOUR CUSTOMER A REGISTERED END USER ON THE MASTER LOCK ORACLE KEY CHARTING SYSTEM?

### REGISTERED END USER SPECIAL ORDERING REQUIREMENT

#### How do I Register my End User?

Simply arrange for your end user to complete the "MASTER LOCK KEY CHARTING REGISTRATION FORM" and forward with your official purchase order to Mayo Hardware Pty Ltd. A unique ID number will be assigned to your end user and sent via email to the nominated email address *(Please keep end user ID number on record for re-ordering purposes)*.

#### Re-ordering for a Registered End User:

Clearly identify on the purchase order the following information "REGISTERED END USER, <<INSERT COMPANY NAME, END USER ID NUMBER>>".

If you are placing an order for a Registered End User with an existing Master Key System, please include the Master Key Number on your order.

For additional information please contact your Mayo Hardware representative.

## KEYING OPTIONS

▪ **KEYED TO DIFFER (KD):**

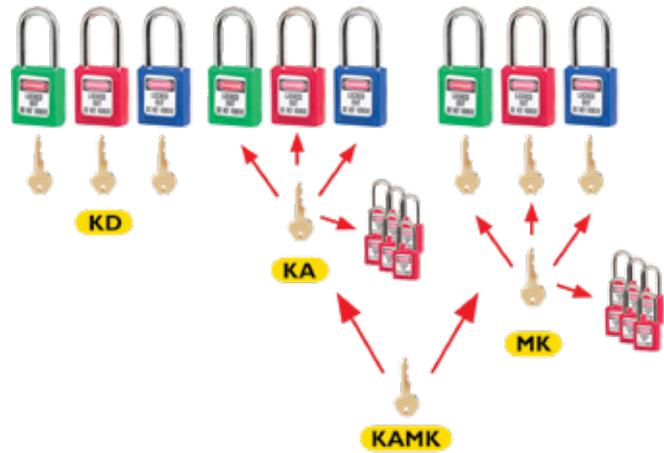

Each lock is opened by its own unique key that does not open any other lock in the set. Keyed to Differ is the standard keying on all Master Lock Safety Padlocks.

▪ **KEYED ALIKE (KA):**

This option provides the “same key” convenience and eliminates the need for multiple keys where numerous padlocks are used. Keyed Alike is ideal for situations where employees have more than one safety padlock.

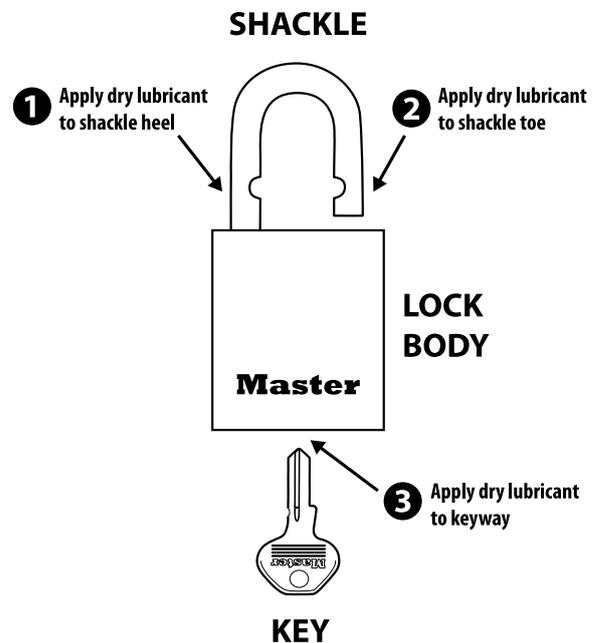

▪ **MASTER KEYED (MK):**

In a Master Keyed System, a master key opens all the locks in the system although each lock has its own unique key. This permits overriding master key systems along departmental or other functional lines, to allow supervisory access.

## SAFETY LOCKOUT PADLOCK MAINTENANCE

- Over time, dust, particles and chemicals in the air settle on and in the padlock. They can create friction inside the precision locking and keying components and impede the opening and closing of the padlock.
- Annual cleaning is recommended. In particularly dusty or corrosive environments clean every three months.
- Clean the padlock body, then use pressurised air to blow out dust.
- Apply a greaseless ‘dry’ lubricant such as Selseys Eze-Glide.
- A very light spray of lubricant is recommended. Do not apply a heavy coat. Less is better. Insert key, open and close padlock several times to distribute lubricant. Wipe excess off key.
- NEVER use an oil or graphite for lubricant. Oil attracts dust. Oil can also interfere with the movement of the pins in the locking mechanism. Graphite is often applied in excess, which then interferes with part movement. ONLY use a ‘dry’ lubricant for best results.
- Regular cleaning and lubrication of your safety padlock will extend and ensure years of long life.

Average Number Of Times Opened Per Day	Dry Lubricant Application Schedule (Normal Environment)
1 to 50	Once Per Year
51 to 100	Twice Per Year

# SAFETY PADLOCKS

## 410 ZENEX™ THERMOPLASTIC SAFETY PADLOCKS

- Tough, lightweight, dielectric Zenex™ body withstands chemicals and performs effectively in extreme conditions.
- 6mm metal shackle for corrosion resistance.
- Key-retaining ensures padlocks are not left unlocked.
- Includes write-on “Danger” and “Property of” labels in English, French and Spanish.
- Laser engrave on up to 4 sides.

Item Code	Description	Carton Qty	Shackle Opening Height(mm)	Shackle Dia.(mm)
0410	Keyed Different	6	38mm	6mm
0410LT	Keyed Different – Extra Length Shackle	6	76mm	6mm
0410KA	Keyed Alike	6	38mm	6mm
0410KALT	Keyed Alike – Extra Length Shackle	6	76mm	6mm
0410MK	Keyed Different – Master Keyed	6	38mm	6mm
0410KAMK	Keyed Alike – Master Keyed	6	38mm	6mm

- Eight colour options for easy padlock identification. Add desired colour suffix to the end of the item code.

## 406 ZENEX™ THERMOPLASTIC SAFETY PADLOCKS

- All components are non-magnetic plastic, copper and brass.
- Ideal for electrical lockout, confined spaces and mining.
- Tough, lightweight, dielectric Zenex™ body withstands chemicals and performs effectively in extreme conditions.
- Nylon shackle withstands over 136kg pull.
- Key-retaining ensures padlocks are not left unlocked.
- Includes write-on “Danger” and “Property of” labels in English, French and Spanish.
- Laser engrave on up to 4 sides.

Item Code	Description	Carton Qty	Shackle Opening Height(mm)	Shackle Dia.(mm)
0406	Keyed Different	6	38mm	6mm
0406KA	Keyed Alike	6	38mm	6mm
0406MK	Master Keyed	6	38mm	6mm
0406KAMK	Keyed Alike – Master Keyed	6	38mm	6mm

- Eight colour options for easy padlock identification. Add desired colour suffix to the end of the item code.

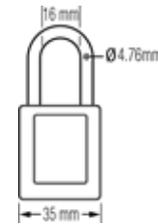

## S31 COMPACT ZENEX™ THERMOPLASTIC SAFETY PADLOCKS

- Marine grade 316 stainless steel shackle provides superior corrosion resistance.
- 4.76mm shackle fits smaller lockout points.
- Durable padlock weighs just 76g, making it easy to carry more.
- Tough, lightweight, dielectric Zenex™ body withstands chemicals and performs effectively in extreme conditions.
- Key-retaining ensures padlocks are not left unlocked. (non-key retaining model available by special order if required).
- Includes write-on “Danger” and “Property of” labels in English, French and Spanish.
- Laser engrave on up to 4 sides.
- Padlock supplied with a weather tough cover that seals at the shackle and keyway keeping out dust, dirt and grime.

Item Code	Description	Carton Qty	Shackle Opening Height(mm)	Shackle Dia.(mm)
S31	Keyed Different	6	38mm	4.76mm
S31KA	Keyed Alike	6	38mm	4.76mm

S30COVERS	Weather Tough Cover For S31/ S32/ S33 – 72pk	-	-	-

- Nine colour options for easy padlock identification. Add desired colour suffix to the end of the item code.

## WEATHER TOUGH SAFETY PADLOCK COVERS

S30COVERS

- Durable weather tough covers seal at the shackle and keyway keeping out dust, dirt and grime.
- Suitable for Master Lock S31 safety padlocks.

Item Code	Description	GTIN	Carton Qty
S30COVERS	Weather Tough Covers Suit S31 Padlocks	071649168888	72

# SAFETY PADLOCKS

## S1100 ANODISED ALUMINIUM PADLOCKS

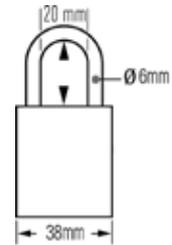

S1105

S1106

S1107

- Anodised finish suitable for use in food processing facilities.
- 38mm wide anodised aluminum body with 6mm diameter chrome plated, boron alloy shackle.
- Three shackle lengths available.
- Combines high visibility colours with high security.
- Corrosion resistant finish for tough environments.
- Laser engrave on up to four sides.

Item Code	Description	Carton Qty	Shackle Opening Height(mm)	Shackle Dia.(mm)
S1105	Keyed Different	6	25	6
S1106	Keyed Different - Extra Length Shackle	6	38	6
S1107	Keyed Different - Extra Length Shackle	6	76	6
S1105KA	Keyed Alike	6	25	6
S1106KA	Keyed Alike - Extra Length Shackle	6	38	6
S1107KA	Keyed Alike - Extra Length Shackle	6	76	6
S1105KAMK	Keyed Alike Master Keyed	6	25	6
S1106KAMK	Keyed Alike Master Keyed - Extra Length Shackle	6	38	6
S1107KAMK	Keyed Alike Master Keyed - Extra Length Shackle	6	76	6

- Nine colour options for easy padlock identification. Add desired colour suffix to the end of the item code.

## PHOTO IDENTIFICATION PADLOCK LABELS

- Identification labels allow you to permanently personalise the safety padlocks in your facility to make the user immediately recognisable.
- Supplied as a laminated pocket.
- User seals picture of the employee under the laminate.

Item Code	Description	GTIN
S142	Photo ID Labels For S31, S32, S33, 406 & 410 (6pk)	071649160356
6835-5700	Photo ID Labels For A1100 (6pk)	071469207730

## LASER ENGRAVING

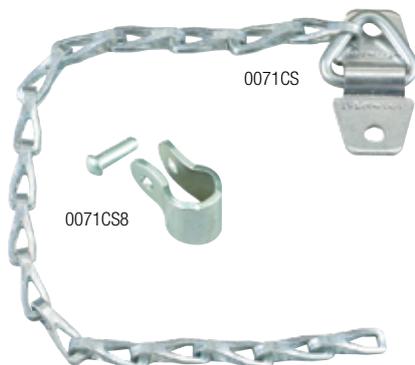

- Laser engraving permanently marks your safety padlocks so that important information needed for your business is always visible.
- Mayo Hardware can laser engrave your safety padlocks within five working days.
- Engrave your company name and logo to reduce padlock theft, key number to increase key selection speed or employee name to identify padlock owner.

Item Code	Description
ENGSAF	In-House Laser Engraving – Safety Lockout

Note: For all engraving orders, please ensure a completed engraving spreadsheet accompanies your purchase order. Contact your Mayo Hardware representative for more details.

## SAFETY PADLOCK ACCESSORIES

- Chains keep padlocks close to equipment requiring safety lockout.
- Chain attaches to safety padlocks with shackle collars.

Item Code	Description	GTIN
0071CS	Steel Chain – 22.9cm Long, Light Weight Zinc Plated: Fits All Master Lock Shackle Collars (Sold Separately) (12Pk)	071649510007
0071CH	Steel Chain – 22.9cm Long, Heavy Duty Zinc Plated: Fits All Master Lock Shackle Collars (Sold Separately) (12Pk)	071649510106
0071SC8	Shackle Collar – Fits 6.35mm Diameter Shackles And Smaller; For 410, 411, & A1100 Safety Padlocks	071649510304

# PADLOCK & ISOLATION POINT ID

## CUSTOM TRAFFOLITE LABELS & TAGS

- Durable traffolite material can be laser engraved and cut to a variety of shapes and sizes.
- Ideal for projects that require long-term durability, wear, impact and fade resistance as well as cleanability.
- A range of contrasting colours available.

Item Code	Description
TL1	Traffolite Adhesive Engraved 25 x 30.5mm
TL2	Traffolite Adhesive Engraved 73 x 36mm
TL3	Traffolite Adhesive Engraved 109 x 66mm
TT1	Traffolite Non-Adhesive Engraved 25 x 30.5mm
TT2	Traffolite Non-Adhesive Engraved 73 x 36mm
TT3	Traffolite Non-Adhesive Engraved 109 x 66mm

Contact your Mayo Hardware representative for more information on Custom Traffolite Labels & Tags. Other sizes available on request.

## RFID ISOLATION POINT LABELLING

- Wide range of LF, HF and UHF RFID tags available.
- Integrate into your electronic permit to work systems.
- Increase efficiencies by ensuring the correct isolation point is selected and locked off.
- Available in a range of shapes and sizes best suited to your application.
- Can be supplied engraved.

Contact us for more information on how RFID isolation point labelling can work with your lockout and permit to work system.

## SAFETY LOCKOUT HASPS

0416      0417      0420      0421

- Attach hasp to energy disconnect switch.
- Designed for multiple worker lockout.
- Keeps equipment inoperative while maintenance or repairs are being undertaken.
- Multiple styles available to fit most needs including spark resistant aluminium, dielectric plastic, dual jaw aluminium and stainless steel.

## GRIP TIGHT™ PLUS CIRCUIT BREAKER LOCKOUTS

S3821

S3822

- Compatible with a wide variety of circuit breaker handles.
- Lightweight one-piece design for easy carrying, storage and use.
- No tools required for installation.
- Durable thermoplastic and nylon construction with stainless steel components for durability in harsh environments.
- Efficient and easy to use.
- Accept all Master Lock safety padlock shackle and lockout hasp diameters.

S3823

Item Code	Description	GTIN	Carton Qty

S3823	Grip Tight™ Plus Oversized Handle Circuit Breaker Lockout	071649335693	6

## GRIP TIGHT™ CIRCUIT BREAKER LOCKOUTS

0493B

0491B

- Secure and simple mounting for a solid lockout. Grips tight with simple thumb turn and clamping handle.
- Exclusive design accommodates virtually all styles of breaker toggles.
- Narrow profile permits side-by-side breaker lockout.
- Compact devices are easy to carry and easy to store.
- Devices accept all Master Lock safety padlock shackle and lockout hasp diameters.
- Durable construction with powder coated steel and reinforced polymer allows operation in harsh environments.

Item Code	Description	GTIN	Carton Qty
0491B	Grip Tight Circuit Breaker Lockout – Tall & Wide Toggles	071649229718	6

## CIRCUIT BREAKER SWITCH PADLOCK

0007C5RED

- 5mm diameter cable shackle allows padlock to properly lock all types of circuit breaker lockout devices.
- Flexible cable allows the compact lock body to be positioned so that the control panel door closes properly.
- Fits the tight space constraints within circuit breaker shutoff boxes.
- Numerous key changes are available to minimise the possibility of unwanted key duplication.

Item Code	Description	GTIN	Carton Qty
0007C5RED	Circuit Breaker Switch Padlock	071649213809	6

# ELECTRICAL LOCKOUT

## UNIVERSAL WALL SWITCH LOCKOUT

0496B

- Patent-pending design ensures switch can be locked on or off.
- Hinges open for unobstructed normal operation of switch.
- Includes English/Spanish and English/French labels.

Toggle Switch

0496B	Universal Wall Switch Lockout	071649225550	6

## ROTATING ELECTRICAL PLUG LOCKOUTS

0487

0488

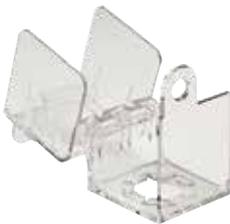

- Surrounds the electrical plug preventing accidental reconnection.
- Rotating design allows for easier installation in applications with restricted space.
- Tough, lightweight, dielectric Zenex™ thermoplastic body withstands chemicals and performs effectively in extreme conditions (temperature range -46°C to +177°C).
- Complete with highly visible permanent safety labels (English, French and Spanish). Labels can be written on to identify the responsible person, then erased for the next job.

Item Code	Description	GTIN	Carton Qty	Dimensions
0487	Plug Lockout Small – 120 & 240 Volt Plugs	071649216794	6	100 x 110 x 70mm

## PUSH BUTTON & ROTARY SWITCH COVERS

S2151

S2153

- S2151 includes one cover, one new install base and one retrofit base with double-sided adhesive tape.
- S2152AST includes 12 new install bases, allowing one S2151 to service multiple switches.
- S2153 is fixed in place to ensure instant availability.
- Fits both 30.5mm and 22.5mm diameter switches.
- Clear base and cover allows visibility of nameplates and labels.
- Horseshoe-shaped retrofit base allows use with raised nameplates and off-centre installation to accommodate rotary switch knobs.
- Accommodates buttons up to 50mm diameter and 45mm tall.

Item Code	Description	GTIN	Carton Qty
S2151	Removable Push Button Cover	071649170980	6
S2152AST	Pack of 12 Bases For S2151	071649170997	24

S2154AST	Pack of 12 Adhesive Bases For S2151	071649179921	24

## OVERSIZED PLUG & HOIST CONTROL COVERS

- Flexible and durable rip-stop nylon bag can be rolled up or folded for easy storage in safety tool boxes.
- Lockout with up to six padlocks or hasps.
- Offers broad application solutions.

Item Code	Description	GTIN	Carton Qty	Dimensions
0453L	Large Nylon Oversized Plug & Control Lockout	071649225420	6	158 x 431mm
0453XL	Extra Large Nylon Oversized Plug & Control Lockout	071649100543	6	254 x 660mm

# PNEUMATIC LOCKOUT

## PNEUMATIC LOCKOUT

- Prevents pneumatic fitting from being connected to pressurised air sources.
- Fits virtually all male pneumatic fittings found in manufacturing facilities.
- Stainless steel construction for corrosion resistance.
- Works with all Master Lock safety padlocks and lockout hasps.

Item Code	Description	GTIN	Carton Qty	Dimensions
S3900	Stainless Steel Pneumatic Lockout	071649239649	6	35 x 197 x 3mm

## PRESSURISED GAS VALVE LOCKOUT

- Surrounds the valve operating handle to protect against accidental valve opening.
- Design works with valve guard in place.
- Fits virtually all pressurised valves up to 76mm diameter.
- Compact size is easily stored when not being used.
- Includes danger labels in English, French and Spanish.

Item Code	Description	GTIN	Carton Qty
S3910	Pressurised Gas Valve Lockout	071649088612	6

## ADJUSTABLE BALL VALVE LOCKOUT

- Easy to use device prevents accidental activation of a closed ball valve.
- Adjustable design fits 12.7mm to 50.8mm valves.
- Durable, lightweight thermoplastic material is chemical resistant and performs effectively in extreme environments.
- Removable insert accommodates a wide range of handle designs and dimensions.
- Can be used in conjunction with a S806 cable lockout device for the most secure fit.

Item Code	Description	GTIN	Carton Qty
S3080	Adjustable Ball Valve Lockout	071649188008	6

# VALVE LOCKOUT

## SEAL TIGHT™ BALL VALVE LOCKOUT

- Clamps tight on handle stop to prevent handle movement.
- Fits a wide range of ball valve sizes (6.35mm to 100mm).
- Works on insulated pipes and in close quarters.
- Durable aluminium and steel construction defies corrosive environments and temperatures up to 532°C.
- Lightweight and compact for easy carrying and storage.
- Includes danger labels in English, Czech, French, Spanish, Flemish/Dutch, German, Italian, Japanese, Mandarin Chinese, Polish and Portuguese.

Item Code	Description	GTIN	Carton Qty
S3068	Seal Tight Handle-On Lockout	071649130021	6

## STEEL BALL VALVE LOCKOUTS

S3476

S3477

- Heat resistant powder-coated steel body.
- Two sizes to fit most valves.
- Easy to use, single piece design locks ball valves in the 'off' position.
- Compact size easily stored when not being used.
- Two rows of lockout points for more accuracy.

Item Code	Description	GTIN	Carton Qty
S3476	Handle-On Lockout – Fits 6-25mm	3520190933256	6
S3477	Handle-On Lockout – Fits 32-76mm	3520190933263	6

## HANDLE-OFF SEAL TIGHT™ BALL VALVE LOCKOUT

- Device encloses the valve stem with the handle removed to make accidental reactivation virtually impossible.
- Works in almost all valve installations – metal and PVC valves, insulated pipes, pipes mounted close to the wall or ceiling, and valves with tight access due to close proximity of other valves or pipes.
- Lightweight, flexible device is easily carried to the job and then folded for compact storage in safety toolboxes.
- Includes write-on labels in English, French and Spanish.
- Constructed of durable PVC polyester fabric and HDPE plastic. The Seal Tight™ Valve Lockout withstands corrosive environments and operates in temperature extremes from -40°C to 121°C.

Item Code	Description	GTIN	Carton Qty
0468L	Seal Tight™ Handle-Off Lockout	071649229749	6

## BUTTERFLY VALVE LOCKOUT

S3920

S3921

- Durable, lightweight thermoplastic material is chemical resistant and performs effectively in extreme environments.
- Stainless steel rivet allows device to smoothly pivot open and closed to ensure proper fit.
- Adjustable design fits the majority of butterfly valves.
- Directional application arrows allow for ease of installation and minimise user error.
- Compact design allows device to be applied in tight applications.

Item Code	Description	GTIN	Carton Qty
S3920	Butterfly Valve Lockout Without Cable	071649188008	24
S3921	Butterfly Valve Lockout With 4 x 900mm Cable	071649198441	24

# VALVE LOCKOUT

## ROTATING GATE VALVE LOCKOUTS

- Tough lightweight, dielectric Zenex™ thermoplastic bodies withstand chemicals and perform effectively in temperature extremes from -46°C to +177°C.
- Surrounds the valve operating handle to protect against accidental valve opening.
- Unique, rotating design allows for easier installation in applications in restricted spaces.
- Centre knockout can be removed for rising stem gate valves.
- Each size rotates into itself and nests within the next larger size to save space while in storage.
- Multiple workers can apply their safety padlocks.
- Complete with highly visible permanent safety labels (English, French and Spanish) that can be written on to identify the responsible person, then erased for the next job.

## BLIND FLANGE LOCKOUTS

- Adjustable device provides secure fit on a variety of flange widths.
- Fully conceals flange bolts preventing access to blind till work complete.
- Four lockout holes for multiple workers.
- Durable powder-coated aluminium and hardened steel construction withstands conditions indoors and out.
- Three sizes available to cover and lockout nuts ranging from 19mm to 69mm diameter.

Item Code	Description	GTIN	Carton Qty
S3922	Blind Lockout Device Small – Suit 19-29mm Nut Dia.	071649274374	6
S3923	Blind Lockout Device Medium – Suit 33-48mm Nut Dia.	071649274381	6
S3924	Blind Lockout Device Large – Suit 52-69mm Nut Dia.	071649274398	6

## RETRACTABLE CABLE LOCKOUTS

- Rugged Zenex™ thermoplastic housing stores unused cable, making the device more manageable – whether in use or in storage.
- Ergonomic take-up wheel retracts the cable and deep pockets allow for easy operation, even with gloves.
- Four lockout holes for multiple workers
- 2.7m colour coded cable for easy identification and improved visibility in the work environment.
- Red steel core cable for general applications.
- Yellow nylon core cable for dielectric applications.
- Colour coded labels allow users to quickly identify the devices designed for general or electrical applications.
- Internal ratcheting mechanism allows users to add tension, even after safety padlocks have been applied.

Item Code	Description	GTIN	Carton Qty

## CABLE LOCKOUTS

- Integrated safety hasp and cable is ideal for multiple circuit breaker panel and side-by-side gate valve lockouts.
- Tough lightweight thermoplastic body withstands chemicals and performs effectively in extreme conditions (-47°C to +149°C).
- Tough, flexible multi-stranded steel cable is insulated with a clear plastic coating.
- Feed the cable through the points to be locked out, and then back through the lockout body. Cinch it tight to remove any slack with the patented locking feature.
- Other cable lengths available on request.

Item Code	Description	GTIN	Carton Qty

# GROUP LOCKOUT

## PORTABLE GROUP LOCK BOXES WITH WINDOW

- 430-grade stainless steel construction maximises corrosion resistance.
- Clear, impact-resistant window provides visibility to secured keys.
- Side window to view unused locks (S601).
- 18 numbered lockout holes for easy lock identification.
- Latch with lock hole on front for supervisor lock.
- Flanged design on sides offers easy application of locks.
- Drain holes on bottom to limit liquids from accumulating inside.
- Gasketed key slot to drop keys into removable cup.
- Stackable design facilitates storage and simplifies transporting multiple boxes.

Item Code	Description	GTIN	Carton Qty	Dimensions
S601	Group Lock Box w/ Window 30 Lock Capacity	071649290114	1	144 x 286 x 163mm
S602	Group Lock Box w/ Window 55 Lock Capacity	071649290121	1	203 x 286 x 163mm

## LATCH TIGHT™ GROUP LOCK BOXES

- Secure each lockout point on a piece of equipment with a single padlock. Place the keys in the group lock box and then each authorised employee places their personal padlock on the lock box.
- When work is complete, each employee takes their personal padlock off the lock box, freeing the keys inside.
- All Master Lock group lock boxes feature an exclusive, Latch Tight locking mechanism that prevents keys from being accessed until the last employee removes their padlock.
- Durable powder coated finish with stainless steel handle.
- 0498A is a portable solution. Available in red, it accepts 12 padlocks or hasps.
- 0503RED and 0503YLW can be mounted or carried from job to job and accept 14 padlocks or hasps.

Item Code	Description	GTIN	Carton Qty	Dimensions
0498A	Portable Group Lock Box	071649218415	1	152 x 235 x 95mm

0503YLW	Group Lock Box – Yellow	071649227752	1	324 x 89 x 162mm

## WALL MOUNT GROUP LOCK BOX

- 430-grade stainless steel construction with red powder coating offers increased durability and corrosion resistance.
- 15-lock internal storage capacity.
- Locking mechanism allows box to be locked to a wall bracket, preventing unwanted removal.
- Rewritable tags on lock box and bracket help verify the status of group lockouts.
- Four key hooks to keep keys visible.
- Clear, impact-resistant window provides line of sight to secured keys.
- Eight lockout holes for multiple personal padlocks or hasps.
- Carry handle enables easy portability.
- Drain holes in bottom of the lock box limits accumulation of liquid and moisture inside.

Item Code	Description	GTIN	Carton Qty	Dimensions
S3650	Wall Mount Portable Group Lock Box	071649318719	1	175 x 212 x 100mm

## STEERING WHEEL COVERS

- Two sizes available for various wheel diameters.
- Trilingual warning notifies employees not to start or move vehicle.
- Lock in place with a 0421 hasp and safety padlock.
- For added security, use a Master Lock S806 lockout cable around steering wheel and foot pedals.

Item Code	Description	GTIN	Carton Qty

# GROUP LOCKOUT

## GROUP LOCKOUT & PERMIT CONTROL STATION

- 430-grade stainless steel construction maximises corrosion resistance.
- A single location to display and protect paperwork and padlocks for group lockout.
- Modular design allows endless options for placement and use.
- Can be fixed to wall, or used as portable.
- Impact-resistant polycarbonate windows make it easy to view permits, procedures, padlocks or secured key(s) inside.

### PERMIT DISPLAY CASE

- Carry handle enables easy portability when not wall mounted.
- Tension clip holds multi-page permits or procedures securely in place.
- Rewritable tag provides area to write temporary, job-specific information.
- Closed-cell rubber (EPDM) gasket protects paperwork from water damage in outdoor applications or during wash downs.

### GROUP LOCK BOX

- Latch hole creates identifiable, designated place for control or operations lock.
- 12 flanged and numbered lock holes for easy lock on and identification of locks.
- Removable key cup captures key(s) inserted through the key slot and allows for easy retrieval of key(s).
- Key slot allows equipment key(s) to be added after the lockout has been initiated.
- Removable lock caddy helps transport up to 12 equipment locks to energy isolation points.
- Key hooks display equipment key(s) individually during lockout.

Item Code	Description	GTIN	Carton Qty	Dimensions
S3500	Permit Control Station Complete (S3501 & S3502)	071649301537	1	787 x 308 x 119mm

**CUSTOMISED** security solution  
 programs designed with **END**  
**USER'S NEEDS** in mind.

**Master  
Lock** **TOUGH  
UNDER  
FIRE** 

Master Lock offers a wide range of specifically designed, high quality security padlocks allowing end users the ability to develop customised security solutions for specific applications.

The Master Lock industrial/commercial product offer includes: Brass, steel and Weather Tough®, high security, hidden shackle, coloured bodies, laminated steel, hasps and staples, custom keying, special application locks, combination locks, Bluetooth locks, cables, chains, padlock engraving and key storage.

## WHO IS THE MASTER LOCK INDUSTRIAL/COMMERCIAL PROGRAM FOR?

The Master Lock Industrial/Commercial Program is specifically designed with the high volume commercial end user's needs in mind. The Master Lock Industrial/Commercial Program offers security solutions that can be customised for end user specific applications. The products offered allow you to choose the best width, material, shackle diameter and length along with the right design for your application and fast delivery for your job.

Multiple keying options and custom marking programs add value to the "Built-To-Order" program.

## SECURITY ENHANCEMENTS

### Edge™ Restricted Key Control System

Enhance the security of your facility with the exclusive Edge™ Restricted Key Control System. The patented Edge™ system makes key-controlled security a cost-effective possibility for virtually any facility and application.

Keys are completely restricted and are available only via Master Lock, making unauthorised duplication impossible.

### BlockGuard® Anti-Shim Technology

Continuing to lead the market with innovative security solutions, Master Lock now offers the patent-pending BlockGuard® Anti-Shim Technology.

These enhanced combination locks deter shimming, a method of compromising a lock by inserting a shim tool into its latch mechanism. Master Lock exclusive BlockGuard™ Anti-Shim Technology is now available on combination padlock models 1500(boxed), 1502 and 1525 with supervisory key control.

## OPTION YOUR MASTER LOCK SECURITY SYSTEM

### For Best Performance & Long Life

#### OWNERSHIP IDENTIFICATION

Prevent theft and wasted time searching for the right key or the assigned employee. You can permanently identify ownership and access rights on the padlocks themselves. Master Lock will custom engrave text and logos to meet your needs.

#### SPECIFICATIONS

All sizes quoted in the list are nominal metric sizing for imperial measurements. For accurate & detailed imperial sizes of products please contact your Mayo Hardware representative.

#### KEY CHARTING

Master Lock maintains key record information for registered commercial lock systems so you can be assured that there are no unwanted key duplications with locks that you purchase over time. Request this special service at no charge when placing your order. <sup>Δ</sup>

#### KEYING

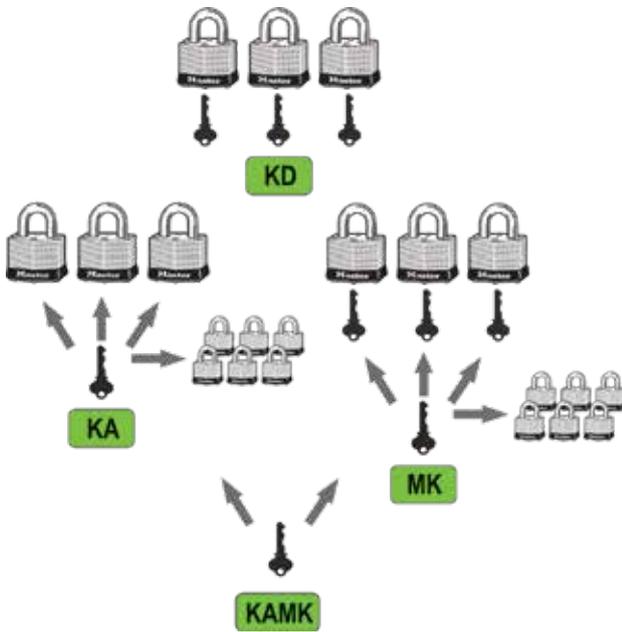

Master Lock products, in most cases, are available in keyed alike & master keyed formats either ex-stock or built to your exclusive order requirements in our keying cell. For details on all options please contact your Mayo Hardware representative.

<sup>Δ</sup> Conditions apply

# KEYING OPTIONS

## BASIC STANDARD KEYING OPTIONS

Note: KEYED TO DIFFER is the standard keying on all locks.

**Lifetime Warranty**

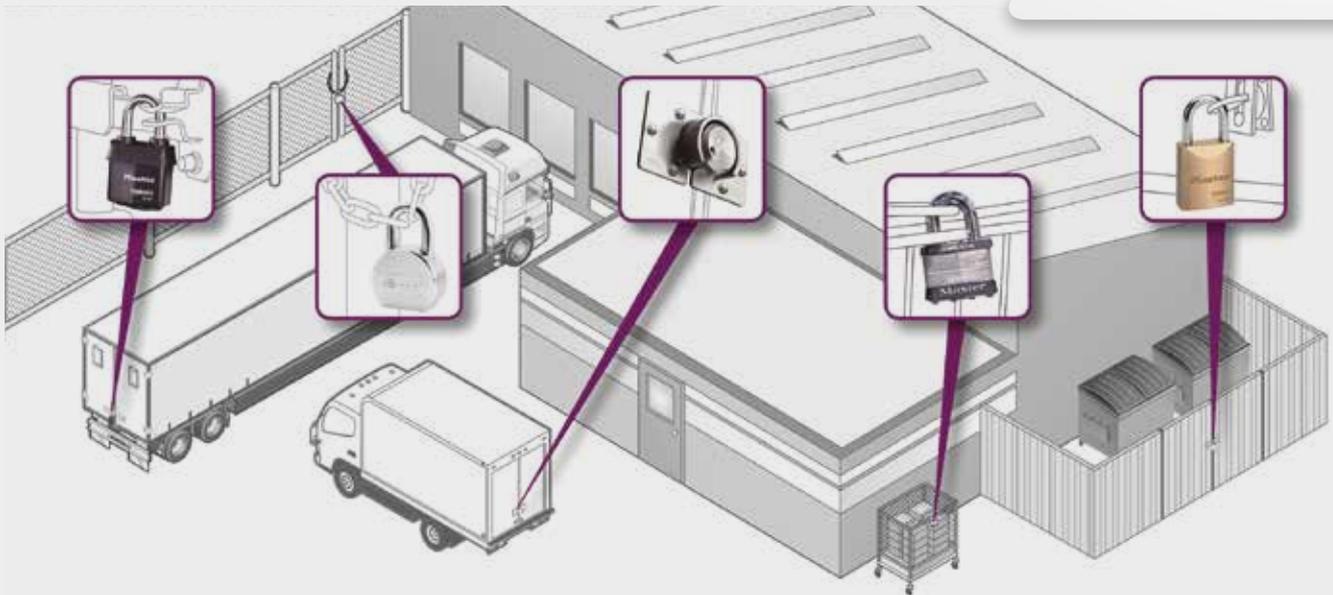

- **KEYED TO DIFFER (KD)** – Each lock is opened by its own unique key that does not open any other lock in the set. Keyed to differ is the standard keying on Master Lock padlocks.
- **KEYED ALIKE (KA)** – This option provides "same key" convenience and eliminates the need for multiple keys where numerous padlocks are used. All padlocks in the set are opened by the same key.
- **MASTER KEYED (MK)** – In a Master Keyed System, a master key opens all the locks in the system although each lock has its own unique key. This permits overriding master key systems along departmental or other functional lines, to allow supervisory access.

More options on keying and system integration are available. Please contact your Mayo Hardware representative for full details.

## KEY PROFILE & CYLINDER OPTIONS FOR MASTER LOCK PRO SERIES

MASTER LOCK PROFILE	
<p><b>27B</b> <b>W27</b></p>  	<p><b>KWP6</b> <b>WP6</b></p>  
<p>W27 Profile – 5 pin keyway is the standard Cylinder inclusion in the Pro Series® Padlock range. Key blanks are available.</p>	<p>WP6 Edge Restricted Cylinder makes unauthorised key duplication impossible.</p>

DOOR KEY COMPATIBLE PROFILE
<p><b>LW5</b> <b>C4</b></p>  
<p>For integration into existing C4 door key systems. Is available in the Door compatible Pro Series® range on request.</p>

## Edge™ KEY CONTROL

Padlocks are an important, effective and often overlooked cornerstone of security. Edge™ Control System gives companies confidence and control over the integrity of their padlock security network.

- Control and eliminate unauthorised key duplication.
- Keys available only from Master Lock
  - copies cannot be made at stores.
- Implement a keying system across all padlock security applications.

### BUILD YOUR MASTER LOCK EDGE™ PADLOCK

1. SELECT BASE MODEL
2. SELECT KEYING FORMAT
  - KD = Keyed Differ (Standard)
  - KA = Keyed Alike
  - MK = Master Keyed‡
  - KAMK = Keyed Alike Master Keyed‡
3. SELECT NO. OF KEYS REQUIRED PER LOCK
  - NK = 0 keys per lock
  - 1K = 1 key per lock
  - 2K = 2 keys per lock

Example:

1. Base Model: 6121LFWP6
  2. Keying: KD
  3. No Of Keys: 1K
- Finished Product Code: 6121LFWP6KD1K

‡ Note: Extra cost per Master Keyed Padlock

# PRO SERIES® REKEYABLE PADLOCKS

## Pro Series® Rekeyable Padlocks For Use With Master Lock Profiles

Pro Series® with Master Lock profiles and various shackle sizes offer a large range to solve your security needs.

- Hardened boron alloy shackles for superior cut resistance.
- Dual ball bearing locking mechanism resists pulling and prying.
- High security cylinder.
  - 5-pin and 6-pin cylinders provide tens of thousands of key changes.
  - Spool pins are virtually impossible to pick.
- Rekeyable – replaceable cylinder and shackle.
- Available with Edge restricted cylinder.

### 6100 SERIES - HIGH SECURITY WEATHER TOUGH® PADLOCKS

- Ideal for harsh outdoor conditions.
- Exclusive cover protects lock from water, ice, dirt and grime.
- Heavy duty steel bodies withstand physical attacks.
- Keyway cover keeps out dust and dirt.
- Coloured covers available via special order on 6121.
- Keyed to W27 5-pin cylinder as standard.
- Lifetime warranty.

**TIP**

To prevent unauthorised key duplication upgrade your padlocks to the Master Lock Edge Restricted profile – Item Code: WP6

Item Code	Description	Pack Qty	Min. Order Qty	Shackle Dia. (Metric)

## UNIVERSAL PIN (CRUNCHER) LOCKS – BOX PACK

Master Lock's range of Universal Pin (Cruncher) Locks, allows you to add extra locks to your existing key profile 1K padlock system in a matter of minutes! Minimise your customers' keys and maximise your padlock sales with this innovative solution from Master Lock.

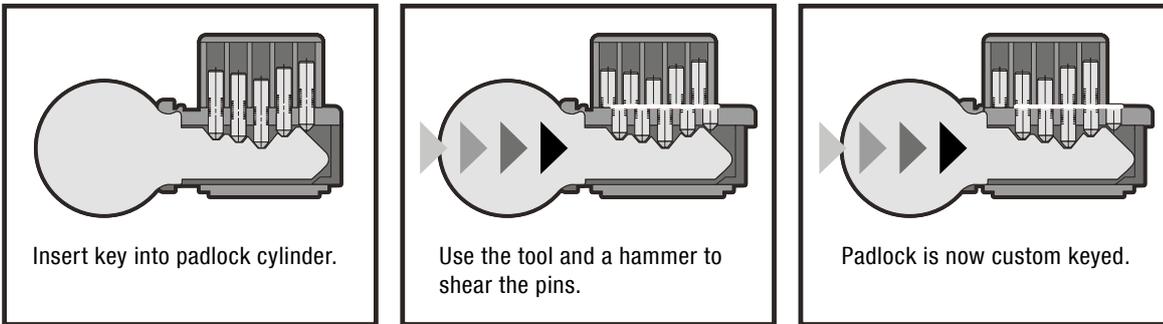

Punch tool to set the cylinder of an uncoded "UP" padlock with the tap of a hammer.

### KEYING INSTRUCTIONS:

1. Choose original Master Lock padlock key to be used and remove from ring.
2. Insert and remove key into Master Lock "UP" series padlock several times.
3. Insert key into Master "UP" series lock and invert padlock through the jaws of your bench vise. Do not tighten vise.
4. Place No. 0376 Keying Tool over key and tap with hammer until cylinder pins shear.
5. Remove padlock from vise and check for proper operation, turning key in lock several times.

### WHEN USING ANY TYPE OF STRIKING TOOL, WEAR SAFETY GLASSES!

# BLUETOOTH ENABLED SOLUTIONS

## BLUETOOTH ENTERPRISE SMART CONNECTED PRODUCTS

### Bluetooth™ Advanced Security and Access Management System

Master Lock, the industry’s security leader for more than 95 years, is changing the way businesses of all sizes securely manage access to many doors and locks across a single team or an entire enterprise. The new Master Lock Vault Enterprise software, designed for commercial use, and suite of Bluetooth® enabled hardware provide the most convenient way to control access, manage assets and improve accountability. This proven security innovation eliminates the cost, security risk and complexity of physical key management.

- Integrated software platform enables you to grant access to individuals, multiple users and user groups – temporarily or on an ongoing basis.
- User-friendly interface and Bluetooth technology provide fast and easy access.
- Real-time access control optimises scheduling and enhances security.
- Efficiently manage access to ensure the right users have the right access.
- Simplify security set-up with bulk user and lock uploads.
- Map lock, lock box and door locations via smartphone.
- No keys to lose, no combinations to forget. No unauthorised key duplication.
- Confidently provide back-up access entry method for locks and lock boxes with manual, directional or numeric code.

The Master Lock Vault Enterprise suite of Bluetooth enabled products can be mixed and matched to meet your facility’s security application needs. Administrators experience the convenience of simplified access management and authorised users open assigned locks and doors with their smartphone.

### BLUETOOTH PADLOCKS

- Secure access — only authorised users can enter using the app or manual code.
- Grant or revoke access quickly — efficiently ensure the right users have the right access.
- Valuable audit capabilities — easily monitor access and access history with robust data and audit trails.
- The new ProSeries® 6400 range offers improved security, enhanced weatherability, an area for custom marking and can be operated via mobile app or numeric code.
