

# Diesel Automatic Metered Nozzle L-FNAD120M

The Lubemate Automatic Diesel Nozzle combines precision, durability, and user-friendly design for reliable diesel dispensing. Built with a high-flow capacity, this nozzle ensures efficient and seamless diesel transfer while its auto shut-off feature prevents overfills, offering enhanced safety during fueling operations. The integrated digital flowmeter provides accurate and real-time measurements, making it easier to track and manage diesel usage. The nozzle features an auto-sleep function that activates after 40 seconds of inactivity, extending battery life.
