

NINJA[®] RAZR Diamond 3

Cutting Edge Technology

DESCRIPTION

Ninja[®] RAZR Diamond 3 is a highly sophisticated cut resistant glove in the Ninja[®] RAZR range. These gloves are made with Dyneema[®] Diamond technology fibre which is the world's most advanced cut resistant fibre; 40% lighter than aramid fibres and offers a 200% improvement in cut resistance performance over gloves made with standard Dyneema[®]. Ninja[®] RAZR Diamond 3 is lighter, cooler, more flexible and lasts longer than any other cut resistant glove.

FEATURES

- **COATING** – Soft PU coating offering superb flexibility and comfort
- **HIGH CUT PERFORMANCE** – 200% improvement in cut resistance performance when compared to gloves made with standard Dyneema[®] fibre
- **EXCELLENT COMFORT** – The dramatically thin fibre of Dyneema[®] Diamond technology allows for increased cut resistance without the fibreglass discomfort. It allows for better feel and control, and radiates heat away from hands for all-day comfort

SPECIFICATIONS

Codes	Sizes	Ninja [®] Reference	Carton QTY	Pack QTY
NIDIAMNC3SB000S	7/S	ND300	144	12
