Technical data

Appearance (concentrate)...... Milky tacky liquid

Base White oil

Stain characteristics

Copper...... No stain

Mild steel No stain

Temperature Range-20°C to 160°C

Propellant Hydrocarbon

Directions for use

Shake can before use and hold upright when spraying.

- After use clear spray nozzle by inverting can and pressing for 2 or 3 seconds until jet is cleared.
- Should nozzle become blocked, wipe clean with a rag and clear blockage with a pin.
- Use only the minimum quantity necessary to achieve desired technical effect.

Storage and Shelf Life

Store in dry conditions between 0°C and 50°C, away from sources of heat and naked flames. When stored in original sealed containers, the minimum shelf life is two (2) years.

Packaging

White Chain & Drive Spray is available in 250g Aerosol size.

Ordering Information:

250g Aerosol #RY442330

TDG Code: Aerosol - UN 1950

Health & Safety Information

The product is not hazardous according to Worksafe Australia criteria. A Material Safety Data Sheet is available from the ITW Polymers & Fluids Technical Department upon request or available on our website www.rocol.com.au.
