G10042

14.4V NiCad Battery Cordless Grease Gun

The Alemlube EL Series G10042 14.4V NiCad battery cordless grease gun takes the hard work out of greasing. Ideal for seasonal or intermittent use, the Alemlube EL Series G10042 can dispense up to 3 x 450 gram cartridges of grease using the 1500 mAh battery before recharging or battery changeover utilising the backup battery that is supplied standard with the G10042 cordless grease gun is required.

Weighing just 2.1kg, the Alemlube EL Series G10042 14.4V NiCad battery cordless grease gun includes a 900mm long grease gun flex, a heavy duty 4 jaw coupler and plastic carry case and it can work continuously for up to 25 minutes.

The Alemlube EL Series G10042 14.4V NiCad battery cordless grease gun goes anywhere, securely contained in a convenient carry case, facilitating high volume, high pressure trouble-free greasing.

- Please note it is advisable not to recharge the 14.4V NiCad battery for longer than 75 minutes otherwise damage to the battery and /or charger may occur.
