

Product Series: **T3C150PL****Description:****Easyroll 150kg Three Tier Plastic
Trolley 1PC****Features:**

- Sturdy plastic decks with a lip to make containing & cleaning spills painless
- Non-marking grey rubber castors reduce noise associated with trolleys
- The alloy legs with the black plastic trays make for a sleek attractive look

Applications:

- Home use, Hospital, Nursing Home, School, Office, Function Centre
- High quality utility cart for catering & general use.
- Suitable for tea service & general catering

Difference from previous three tier plastic trolley:

The height of the handle is often an issue with these trolleys. The new T3C150PL handle height is 25mm higher which results in a much more comfortable, ergonomic position for the operator.
