

AA402-240V

Alemlube Automotive Electro-Hydraulic 2 Post Hoist

October 2019

The Alemlube Automotive AA402-240V 4.0t Electro-Hydraulic 2-Post Hoist offers high quality & reliable performance at an affordable price.

The AA402-240V is supplied standard with convenient 240V power making it ideal for the DIY home mechanic, car enthusiast and even domestic workshops— combining unbeatable value with quick and easy installation.

Dual hydraulic chain drive cylinders manufactured to a high standard make for very smooth and safe lifting.

Large diameter lifting pads comfortably accommodate both large and small vehicles together with a maximum lifting height of 2,000mm and minimum lowered height of 110mm.

Quality components throughout ensure that no part of the hoist has been compromised and is therefore compliant with Australian standards and manufactured to stringent European CE Standards.

SPECIFICATIONS, FEATURES AND BENEFITS

- Standard economical 240V power pack
- High lifting capability of 4t
- Fast lifting time of 60 seconds
- Lowering time of between 18 to 40 seconds
- Standard height clearance of 3950mm
- Overall height of 4140mm
- Maximum lifting height of 2000mm
- Minimum lowered height of 110mm
- Distance between columns of 2880mm
- Asymmetric lift arm design incorporating 2 and 3 stage arms with automatic engaging safety arm locks
- Large diameter screw adjustable lifting pads
- Dual hydraulic chain drive cylinders
- Aluminium motor for improved cooling capacity during high work demands
- Single point manual lock release
- Top limit switch with safety bar prevents vehicle damage
- Compliant with Australian Standards
- Manufactured to stringent European CE Standards
