

VICES

Introducing the **NEW 6" Offset Vice** from Abbott and Ashby, a pinnacle of Australian engineering, designed to deliver superior performance and versatility.

150mm Heavy Duty Offset Bench Vice

Key Features :

Innovative Offset Design: Allows for clamping long vertical workpieces with full jaw width access, free from obstructions by the vice body.

Exceptional Quality: Provides a firm grip with no flex, making it ideal for the most demanding tasks.

Heavy Steel Construction: ensuring durability in the harshest industrial environments.

Replaceable Hardened and Serrated Steel Jaws:
Guarantees extended lifespan, consistent performance and easy to replace when needed.

Secure Mounting: Equipped with a fixed base and four bolt-down points for safe and stable installation.

Part No: ATBVQS150

Item Code: 811618

Jaw Width: 150mm

Jaw Opening Size: 190mm

Length: 470mm

Depth: 280mm

Height: 190mm

Weight: 23kg
