MITRE TABLE

Mitre Table Attachment AAMT

The mitre table provides an accurate way to grind ends square and adjust lengths and angles. It is an after market accessory that allows even more versatility when using the linisher. A simple 2 bolt attachment fixes it to the linisher. It has the ability to tilt both up and down and comes with a protractor to allow great control over the working angles when using the abrasive disc on the side of the finishing attachment.

- Fits the AA362 and AA482 Abbott & Ashby linisher attachment
- Table can be tilted up 10° & down 45°
